How to install : ① **When installing *M52 Lens Holder for Float Arm* on *Float Arm Body/Mega Float Arm Body/Mega Float Tube***
　Attach the *M52 Lens Holder [hole]* on compatible product as shown in **below left image** so that the Lens Holder base on the compatible product seats in the groove on the back of the *M52 Lens Holder [hole]*. Then fix it by the Cap Screw supplied with compatible product (**center image**).
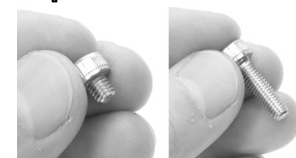

> **DO NOT use any other cap screw other than the cap screw supplied with compatible product or compatible products will be damaged. DO NOT tighten too much to avoid accidental damage on the *M52 Lens Holder*.**

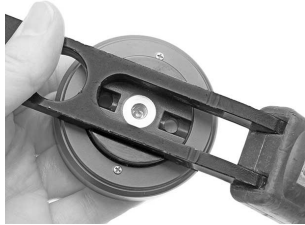

Lens Holder base

Use this Cap Screw　　DO NOT USE

Supplied cap screw
with compatible product　Other cap screw

Maximum two *M52 Lens Holder [hole]* can be attached on *Float Arm/Mega Float Arm* as they have Lens Holder bases on both sides.
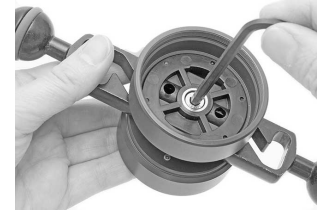

② **When installing _M52 Lens Holder for Float Arm_ on _M5 Joint_ attached on compatible products**

Refer to _M5 Joint_ user manual for detail of installation and usage.

③ **When installing _M52 Lens Holder S_ on _Grip Base DII/DIII, Arm Body, YS Arm Body_**

Attach the _M52 Lens Holder [screw]_ and the _Lens Holder Base_ on compatible product as shown in images below so that the arm seats in groove between the _M52 Lens Holder [screw]_ and the _Lens Holder Base_. *INON logo on the _Lens Holder Base_ has to be facing you (center image). Then fix them by the thumbscrew (right image).

④ **When installing _M52 Lens Holder S_ on _D Holder Extension Bar_ attached on compatible products**

Refer to _D Holder Extension Bar_ user manual for detail of installation and usage.

⑤ **When installing _M52 Lens Holder W_ on _Arm Body, YS Arm Body_**

Attach the _M52 Lens Holder [screw]_ and the _M52 Lens Holder [hole]_ on compatible arm as shown in images below so that the arm seats in groove between the two parts. *_M52 Lens Holder [hole]_ has to be facing you. Then fix them with the Cap Screw (cap screw supplied with the _M52 Lens Holder W_) by using supplied Allen Wrench . **_DO NOT overtighten to avoid damage on the M52 Lens Holder._**

How to attach compatible lens : Follow same procedure to attach the lens on a underwater housing equipped with M52/pitch 0.75 screw mount. Refer to M52 mount series lens user manual for detail. Apply little amount of grease (grease for housing) on threaded part of _M52 Lens Holder_ to prevent salt build-up or electrical corrosion between _M52 Lens Holder_ and M52 Mount series lens.
