

INON

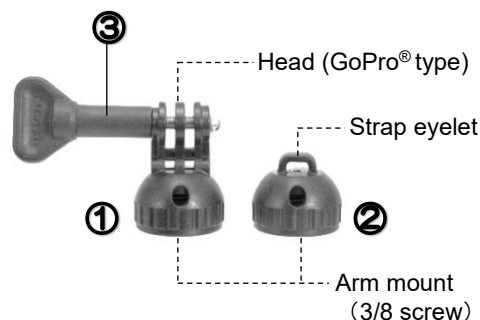

INON Ball Adapter for GoPro

Thank you for purchasing INON products.

The INON Ball Adapter for GoPro is an accessory to add GoPro mount on the ball joint of INON "Carbon Telescopic Arm" or "Stick Arm" to use the INON arm as a selfie stick or for follow-up camera system. The bundled thumbscrew with large handle ensures to hold a GoPro securely even when a conversion lens is attached.

Package

- contents :**
- Ball Adapter-Camera ① ×1
 - Ball Adapter-Grip ② ×1
 - M5 Thumbscrew (for GoPro) ③ ×1

Compatible products :

Arms

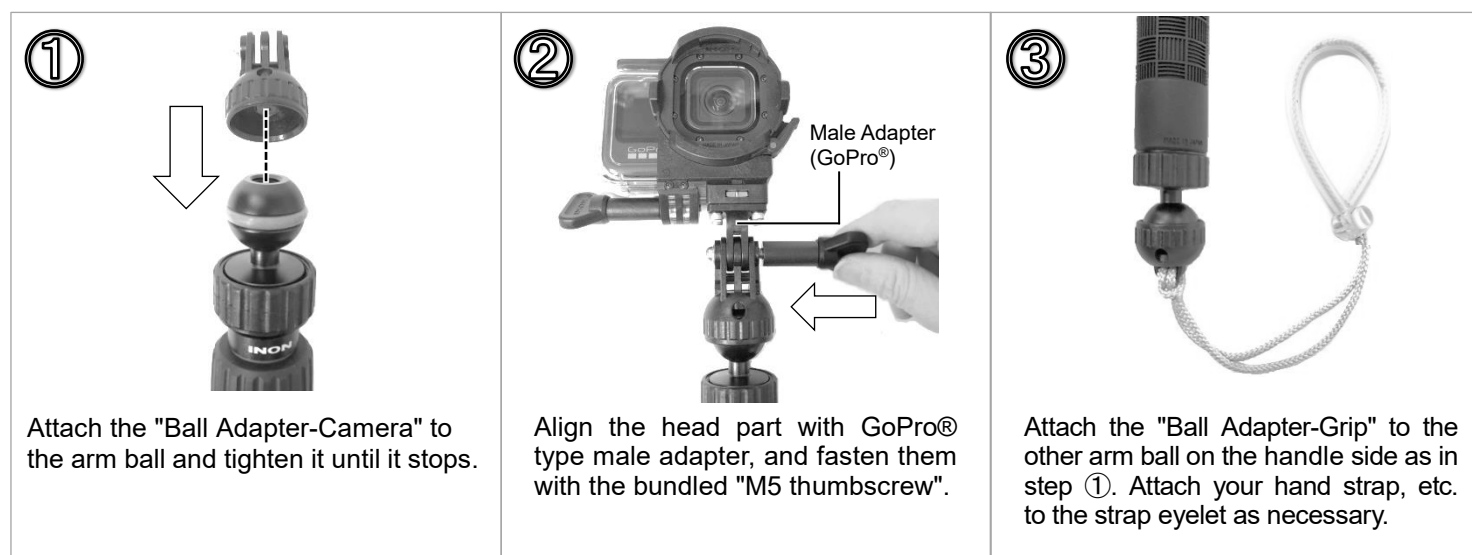

- INON Carbon Telescopic Arm (SS/S/M/L)
- INON Stick Arm (XS-T/SS-T/S-T/M-T)

Lens adapter etc.

- INON SD Front Mask *
- INON SD Mount Base *
- INON M67 Filter Adapter *
- GoPro, GoPro housing etc.

* Attached via bundled "Male Adapter (GoPro®)".

Installation:

Maintenance:

- Grease each thread of the ball adapter/M5 thumbscrew periodically to prevent rust and salt bite due to electrical corrosion.
- After use, rinse with fresh water to remove salt and other stains, and place in a well-ventilated area out of direct sunlight to dry thoroughly. **DO NOT** expose directly to fire or heat as this may cause deformation or damage.
- **DO NOT** use organic solvents such as alcohol, benzene, thinner, or oils/chemicals such as rust inhibitors, lubricants, glazing agents, or detergents (especially alkaline detergents) when cleaning the product. Some of the components of this product may change when exposed to the above substances, such as melting or becoming brittle.
- If the product is not used for more than a week, please remove and store it. Storing the product being attached on the combined product for extended period may cause deformation/damage due to continuous force applied to the combined product.

- Before installing:**
- DO NOT inquire of GoPro, Inc. installation of this product as it is not under the control of GoPro, Inc. The user must take full responsibility for the installation/use of this product
 - INON Inc. shall not be liable for any failure of the housing, housing accessory or camera due to installation/use of this product.
 - INON Inc. shall not be liable in any way for any incidental damages (such as expenses incurred in taking pictures/footages or loss of profit that should have been gained by the pictures/footages) that may result from flooding or other problems caused by the installation/use of this product
 - **Installation and use of this product shall be deemed as full consent of the user to the above conditions.**

Options:

- **Carbon Telescopic Arm (SS/S/M/L)**
A telescopic carbon fiber arm with stepless length adjustment compatible with this product.

- **Stick Arm (XS-T/SS-T/S-T/M-T)**
An aluminum alloy arm compatible with this product.
(* Stick Arm L is not compatible)

- **Mega Float Tube (S/M)**
Floats specifically designed for *Carbon Telescopic Arms* (buoyancy: S/300g, M/500g). Attaching *Mega Float Tube* on top end of a *Carbon Telescopic Arm* supports comfortable handling underwater when using a conversion lens on compatible action camera without having heavy load on hand grip. (Mega Float **M** is not compatible with *Carbon Telescopic Arm SS*)

- **Male Adapter (GoPro®)**
An adapter to couple this product and action camera/action camera housing via *SD Front Mask* etc. (Standard accessory besides *SD Mount Base UWH1*).
